2. Typical Features

SKOROIL ALPHA 20W-50 is a gasoline engine oil produced by blending high-performance additives with quality base oils. It is an all-season engine oil that can be used effectively in gasoline and LPG vehicles, and passenger and commercial diesel engines, which are used intensively, especially in urban traffic.

Properties

- It maintains the thickness of the oil film by reducing the effect of heat exchange on the oil viscosity.
- It facilitates the first work in the cold and makes effective lubrication in the heat.
- It protects the engine against all kinds of corrosion and rust and prolongs its life.
- With its effective detergent and dispersant additives, it prevents deposit formation and keeps the engine clean.
- It provides fuel economy with its excellent viscosity control feature.

Approvals and Specifications;

- API SL/CF • VW 501.01 / 505.00 • ACEA A3/B3-04 • MB Approval 229.1
